Dear Colleague,

It is with great pleasure, we welcome you to the World Congress on Coronary Heart Disease being held at Mumbai from 14th - 16th August, 2015, at Hotel Taj Mahal Palace & Tower, Mumbai.

This Congress will be unique in a way that it will enlighten not only the Interventional & Clinical Cardiologists but also be of immense value to Physicians, Interventional Radiologists & Cardiac Surgeons.

There will be Live Transmission of cases - both coronary and peripheral from different centers. The live cases will include radial approach in addition to femoral. The cases include left main, complex, coronary, closure of birth defects and peripheral angioplasty.

Clinical Cardiology is the basis of Interventional Cardiology, to achieve a satisfactory clinical outcome; both should go hand in hand. Outstanding eminent cardiologists will participate in this great event from different parts of the world.

This three day mega event will have many unique features, most comprehensive being emphasis on practical issues of imparting patient care, newer diagnostic & therapeutic devices with emerging importance.

During this Congress, honorary Fellowship will be awarded to outstanding cardiologists.

We look forward to welcome you at Taj.

With regards.
